

Maximizing Your North Shore-LIJ Health System Employee Benefits

2016

TIER 1 GUIDE

*North
Shore LIJ*

Congratulations on selecting the North Shore-LIJ Health System Employee Benefits!

Here, you can find services that are covered under your North Shore-LIJ Employee Plan as “Tier 1” in the Clinical Integration Network IPA, LLC (CIIPA) also known as in-system. Accessing providers in Tier 1 assures you will reduce your out-of-pocket expenses.

Please check the table of contents on the next page to see what services are covered by our Employee Plan. Locations and contact information are also included for the listed facilities.

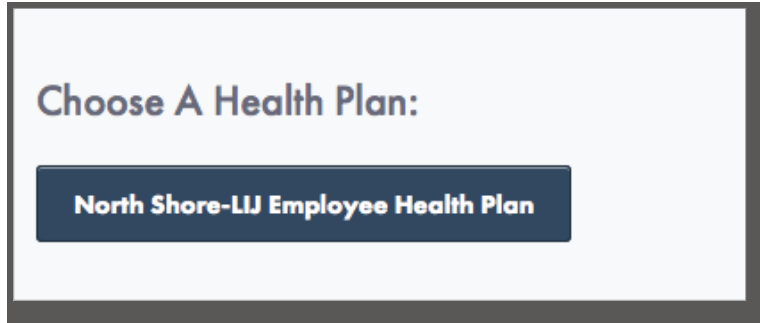

How to Find a Tier 1 Provider on the CIIPA Website:

Look up a provider using the CIIPA website at <http://ciipa.nsljweb.com/>. Once you have arrived at the CIIPA website, click **I AM A MEMBER**.

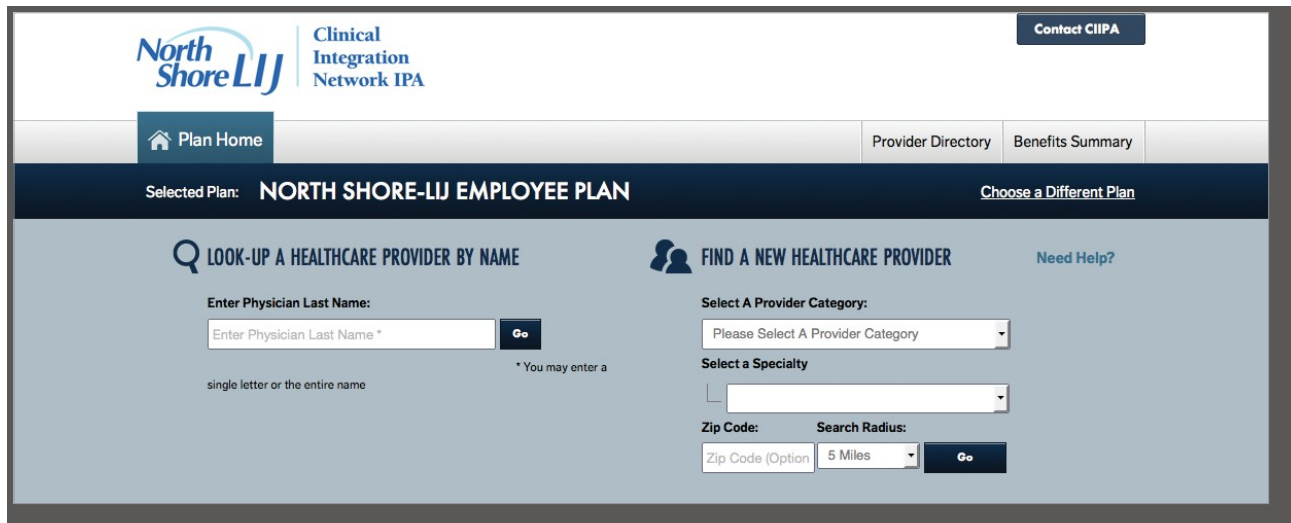

The screenshot shows the CIIPA website interface. At the top left is the North Shore LIJ logo and the text 'Clinical Integration Network IPA'. A 'Contact CIIPA' button is in the top right. Below the header are two main navigation buttons: 'I AM A PROVIDER' (with a person icon) and 'I AM A MEMBER' (with a group icon). The 'I AM A PROVIDER' button includes subtext: 'Provider Enrollment - Current Provider Participation Offerings - Additional Resources'. The 'I AM A MEMBER' button includes subtext: 'Find A Physician - Facility Directory - Additional Resources'. Below these buttons is a large banner image showing a group of healthcare professionals on the left and a family on the right. Underneath the banner is a paragraph of text: 'North Shore-LIJ Clinical Integration Network IPA* (CIIPA) is a physician and hospital organization whose goals are to provide quality healthcare to our patients, improve patient care coordination and ensure fair reimbursement rates for our providers.' Below this paragraph are two columns of smaller text. The left column describes the CIIPA membership, and the right column states that offerings will increase over time. A small footnote at the bottom left reads '*IPA = Independent Physician Association'.

Next, you will have the option to select the North Shore-LIJ Employee Health Plan:

You will then have the option to search for a healthcare provider by name, or by category, specialty, and location. It's important when searching for a provider by Specialty type that you enter the provider category and the provider sub-specialty under Select a Specialty. This assures you will find the provider with the clinical expertise you need.

Provider Nominations

If you would like to nominate an Obstetrics and Gynecology, Pediatrician, Internal Medicine or Family Practice (PCPs) provider for CIIPA participation, please email us the provider's first and last name, group name, office location, primary specialty, phone number, and fax number to CIIPA@nshs.edu.

CIIPA is closed to new providers that are not considered PCPs but we regularly providers of all specialty types to our network.

Clinical Integration Network IPA, LLC (CIIPA)

DIABETES WELLNESS AND CHRONIC DISEASE MANAGEMENT PROGRAMS

1-855-36-GOALS (364-6257)

DiabetesWellness@nshs.edu

The mission of the North Shore-LIJ Diabetes Wellness and Chronic Disease Management Programs is to provide resources to those living with chronic disease to help them manage their condition and maintain a healthy lifestyle. The programs support patients, families and health care providers by offering the latest treatment and educational resources, and encourage community involvement. We have locations in Nassau, Suffolk and Queens.

Our diabetes education program is accredited by the American Association of Diabetes Educators. We care for people living with Type 1 diabetes, Type 2 diabetes and gestational diabetes.

The Chronic Disease Management Program also offers individualized medical nutrition therapy. Our registered dietitian can create a personalized eating plan based on sound, easy to follow nutrition advice for the following:

- Fertility and Pre-Conception
- Pre-Diabetes
- High Blood Pressure
- High Cholesterol
- Heart Disease
- Kidney Disease
- Celiac Disease
- Food Allergies
- Obesity
- Gastrointestinal Disorders

OTHER IN-SYSTEM OUTPATIENT RESOURCES

North Shore-LIJ Health System now has additional “In-System” blood drawing locations for employees’ convenience. Six new LabCorp Patient Service Centers located in Manhattan and Westchester are now part of the North Shore-LIJ Health System’s employee benefits program to ensure employees have more opportunities to stay “in-system” for lab work. Simply bring your physician’s signed lab order, and your insurance card.
