

Maximizing Your Northwell Health Employee Benefits

2021 IN-SYSTEM GUIDE

Clinical
Integration
Network IPA

Congratulations on selecting the Northwell Health Employee Benefits!

Here, you can find services that are covered under your Northwell Health Employee Plan as Tier 1 in the Clinical Integration Network IPA, LLC (CIIPA), also known as in-system. Accessing providers in Tier 1 assures you will reduce your out-of-pocket expenses.

Please check the table of contents on the next page to see what services are covered by our Employee Plan. Locations and contact information are also included for the listed facilities.

How to Find a Tier 1 (In- System) Provider on the CIIPA Website:

Look up a provider using the CIIPA website at <http://ciipa.northwell.edu>. Once you have arrived at the CIIPA website, click **Provider search** in the top right corner for a quick search. Enter the name or NPI of the physician, and click Enter or the search icon.

The screenshot shows the Northwell Health Clinical Integration Network IPA website. At the top left is the Northwell Health logo. In the center, it says "Clinical Integration Network IPA". On the top right, there is a "Provider search" link with a magnifying glass icon and a hamburger menu icon. Below this is a navigation bar with four tabs: "Northwell Health employees" (selected), "Northwell Health Premium Network", "Northwell Health ACO", and "Northwell Direct". Below the navigation bar, there is a search section with the text "Search by: Provider Last Name | Specialty". Below that is a search input field containing the text "I am a Northwell Health employee searching for an in-system provider" and a search icon. At the bottom, there are four colored boxes with "Read more" links and text: 1. Light blue box: "Understand my benefits" and "Review claims and relevant plan activities". 2. Dark blue box: "Health Value-Based Programs." and "Current and prospective members" with a link to "Provider Data Change Form". 3. Dark blue box: "improving care for Medicare beneficiaries." and "MSSP public reporting" with a link to "Waiver disclosure". 4. Green box: "Directory Listings" with links to "Ambulatory Surgery", "Hospital", "Imaging", and "Labs".

For more search options, you can customize your search on the results page. You will then have the option to search for a healthcare provider by name, or by category, specialty, and location. It is important when searching for a provider by Specialty type that you enter the provider category and the provider sub-specialty under Select a Specialty. This assures you will find the provider with the clinical expertise you need. You can view the results by list view or by map view.

Search by: **Provider** | Specialty
